Arts Education Staff Development Opportunities

Arts Education staff development is facilitated by a staff development chair for each area. These individuals will announce the staff development opportunities for their area. They are also responsible for attendance at each session and reporting the earned renewal credits at year-end. Each staff member needs to sign-in at each workshop they attend and keep up with how many contact hours they have accumulated each year. If a staff member wants renewal credit, they need to go to E-School Solutions and sign-up for the number of credits that matches the number of contact hours they have attended. Renewal credit will not be issued for credit earned less than 1.0 credit.

Contact your staff development chair for current staff development information.

To Access eSchoolSolutions on the Internet

1. Link to eSchoolSolutions:

Type in the following URL:

<https://ero.eschoolsolutions.com/>

2. Log In using the following information:

Organization ID #	42358 <i>(You will need this number every time you log-on to eSchools.)</i>
User ID #	Your Social Security Number <i>(No dashes or spaces between numbers)</i>
PIN #	PIN numbers for all employees are automatically set as the Last four digits of your social security number.

3. Select a course using either

- Course Code (e.g. TECH16055)
- Session Reference Number (e.g. 221605503) or
- Curriculum Category (e.g. Technology/Arts Education offered by C & I).

4. Follow registration instructions in eSchools.

For Step-by-Step Directions to Register by Internet using E-Schools Solutions
